

AK Book-keeping Testimonial – 18th October 2005

Albert has looked after our book-keeping requirements since we bought our business 2 ½ years ago. Albert had to enter a back log of invoices and set up our Sage system from scratch. He visits our premises every 2 weeks, enters all our supplier invoices onto Sage, reconciles our bank account and produces monthly P&L and balance sheet reports.

Albert offers an excellent, reliable service at a very reasonable cost, in fact he saves us money by keeping year end accountancy fees to a minimum and he has identified several supplier overcharges and organised the credit notes.

I am always pleased to recommend him to any business requiring book-keeping services.

Yours sincerely

Bill Marshall
